FIRST INFORMATION REPORT

FIR No.: 0912/2024      Police Station: Dadar

District: Mumbai City      Under Sections: NDPS Act, Section 8

Date of Registration: 15 July 2024

Place of Occurrence: Dadar Hideout, Mumbai

On 15 July 2024, a case was registered following intelligence regarding suspected narcotics storage, distribution, and financial settlement activity in the Dadar area. The inquiry identified multiple persons believed to be associated with the movement of cash and communication between distributors.

The complaint names Lajita Chatterjee, Pappu Kasai, Iqbal Shaikh, Hemangini Lalla, Rushil Saini, Ayushman Chander, and several unidentified associates. Call records show frequent contact among the listed persons, particularly during late-evening periods associated with suspected handovers.

Financial review identified a sequence of transfers involving intermediary accounts. Two transactions form a circular pattern: funds move from one account through an intermediary and return to the originating account. This pattern is inconsistent with ordinary payment activity and has been flagged for anomaly review.

A photograph of Lajita Chatterjee is included in the evidence set.
